MAJOR LEAGUE HACKING

OFFICIAL · 2022 SEASON

About NIT Rourkela

Ranked 16th among all the engineering colleges and touted as the third-best NIT in the nation in NIRF 2020. National Institute of Technology, Rourkela is one of the most coveted destinations for higher studies by future technocrats. NITR also takes pride in being the largest NIT in terms of the campus area. Established in the year 1961, the institute has a total student strength of around 7000.

Celebrating Diamond Jubilee

Continually maintaining an overall ranking in the top 20 institutions for technical education, NIT, Rourkela has carved a niche for itself, its students and all its stakeholders in technical education. No matter what, the institute will strive to rise and shine and advance to spread knowledge in science & technology, leading to the creation of wealth and welfare of humanity.

About HackNITR 3.0

The goal of organising HackNITR is to grow our local community and give hackers an unforgettable experience.

HackNITR, one of the largest hackathons in India's eastern region, is a kind of hackathon that endeavours to bring and integrate talent, innovation, and creativity under one roof to build solutions for real-world problems using the latest technologies. It is organized by a bunch of tech enthusiasts from Google Developer Student Clubs (GDSC) NIT Rourkela in collaboration with OpenCode, Opensource community, registered under the technical society of Student Activity Centre (SAC), NIT Rourkela.
